

Project Title: **MYdatang.**

Team Members:

Ammar Aqil

Adam Mifzal

What the website is about?

To simplify attendance tracking by providing an efficient, accurate, and user-friendly platform that saves time, reduces manual errors, and keeps records secure and accessible for everyone.

Our main objective

To make attendance simple, reliable, and accessible — helping users save time, reduce errors, and manage records effortlessly.

Reason behind our design :

Our website design embraces minimalism, with dark red used for text, navigation, and form backgrounds, while the light orange background creates a warm, inviting atmosphere. This combination of colors ensures clarity and balance, offering a modern, dynamic look with an approachable feel.

Concept:

Our website design was inspired by Datang, the app our school uses to simplify attendance for students. The app's focus on ease of use and efficient processes motivated us to create a similar, user-friendly experience, making essential tasks quicker and more accessible for everyone.

CANVA

How our website WORKS?

localhost/MYdatang/kehadiranMurid.html

Home About Us Support Admin

Isi Kehadiran Pelajar

MY datang
E - kehadiran Pelajar

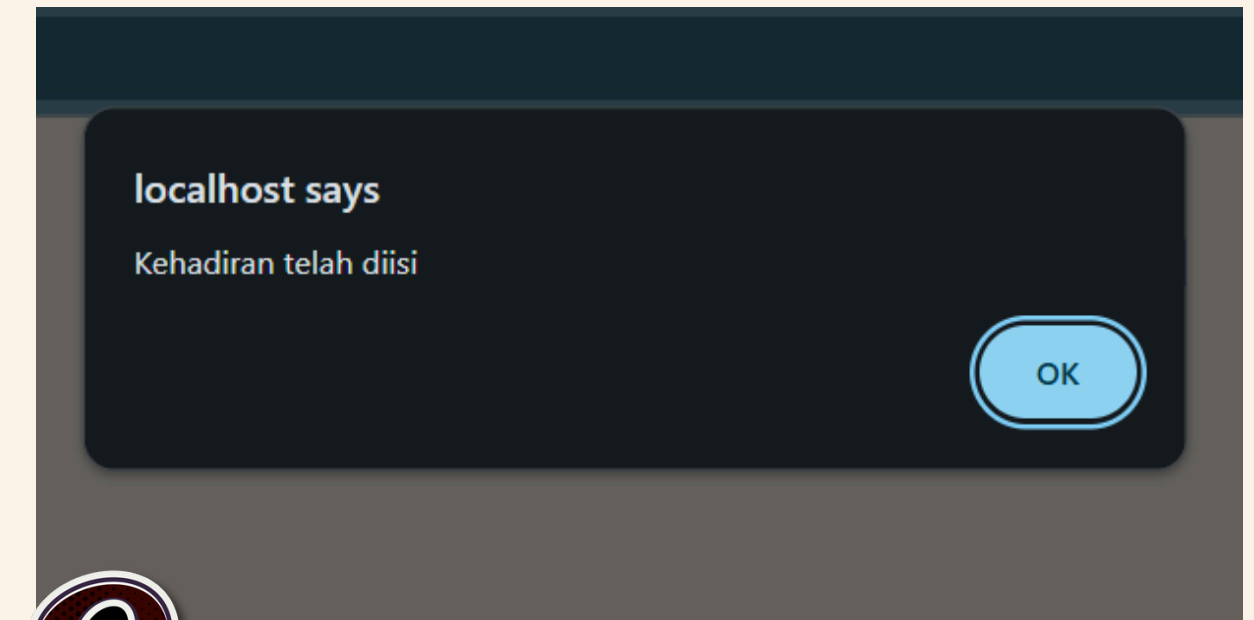

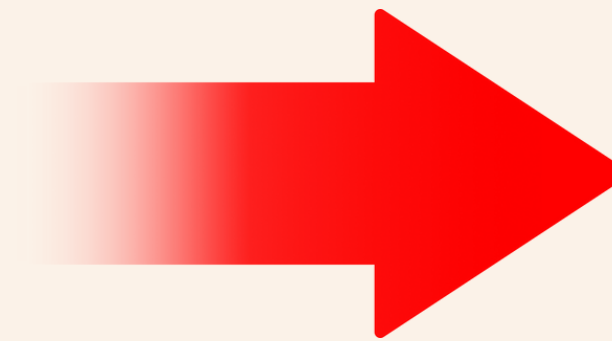

Nama
Momen

Nama Kelas
4 Ibnu Khaldun

Kehadiran
Tidak Hadir

Submit

1 Fill in the form

2 Click OK when this appear

Home About Us Support Admin

Pelajar

Checklist

No.	Nama Pelajar	Status	Kelas	Tarikh
1	Ammar Aqil	Hadir	4 Ar-Razi	05.08.2025
2	Momen	Tidak Hadir	4 Ibnu Khaldun	06.08.2025

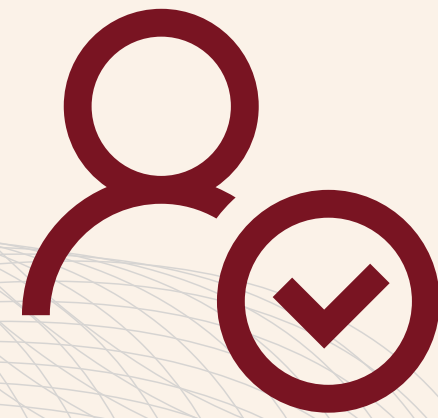

3 Data will be recorded in admin section

Project Enhancements:

- Use QR Code to take attendance.
- Website can generate QR Codes using data inserted (e.g., name, class).
- Add photo upload section for staff attendance so they can't lie.
- Attendance data reset daily.

Thank You
